APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the point of diversion, manner and place of use of the waters of Spearmint Canyon Springs as heretofore granted under permit 9898 (Certificate of appropriation No. 2493) is issued subject to the terms and conditions imposed in said permit No. 9898 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial weir, meter or suitable measuring device must be installed to facilitate the measurement and control of water. The State reserves the right to regulate the use of water under this proposed change at any and all times. The amount of water to be changed shall be limited to the amount which can be applied to beneficial use and not to exceed 1.0 c.f.s.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic foot per second.

Actual construction work shall begin on or before December 11, 1946

Proof of commencement of work shall be filed before January 11, 1947

Work must be prosecuted with reasonable diligence and be completed on or before December 11, 1947

Proof of completion of work shall be filed before Jan. 11, 1948

Application of water to beneficial use shall be made on or before

December 11, 1949. Proof of the application of water to beneficial

use must be filed with State Engineer on or before January 11, 1950

Proof of commencement of work filed AUG 20 1946

Proof of Completion of work filed AUG 20 1946

PROOF OF BENEFICIAL USE FILED DEC 23 1949

WITNESS MY HAND AND SEAL THIS 10th day
of June, 1946

ALFRED MERRITT SMITH
State Engineer.
